Defenses, Catarrh, Scrofula.

Tobacco Antidote.

CHILD SCALDED.—A child was severely scalded in North Wheeling, yesterday. We did not learn particulars.

POLICE COURT.—Wednesday Oct. 21.—City of Wheeling vs. Susan Williams, (colored) assault and battery. Fined \$1 and costs.

J. C. Olin & Co. are now receiving the largest stock of carpets and furniture ever brought to this city. Having delayed purchasing until goods were at the lowest prices, they can now offer special inducements to purchasers. Call and satisfy yourselves.

THE RAT MAN evidently does not read the papers. He was on the street yesterday afternoon, as garrulous as a Peter Funk auctioneer, and as "briken" as a fish woman.

A RUMOR.—There was a report in town yesterday that troops had been sent to Wheeling, and were quartered on the Island, but so far as we could learn from the railroad companies, no troops whatever had been brought into the city.

BOONED OVER.—Before Esquire Johnston last evening, James Watson was held to bail in the sum of \$250, to appear at Court and answer a charge of assault and battery. He was also bound over in a bond of \$100 to keep the peace for one year.

COAL PRIVILEGES.—We direct our readers to the advertisement of Messrs. Bailey, Woodward & Co., who offer for sale the right to the coal lying in the town of 200 acres of land in Ritchie township. These parties offer at the low price of \$10 per acre, coal privileges valued in the recent tax appraisal at \$138.70 per acre.

TRAINING DOWN.—The residence which stood in the rear of Logan, List & Co.'s Drug Store, on Main street, is undergoing removal with a view of rebuilding. We understand that the proprietors contemplate an addition to the drug store at present occupied by them, and the new building will be erected on the site of the dwelling.

RE-ARRESTED.—A man giving the name as Jones, who was examined before a magistrate in Bellair, on Sunday morning, under suspicion of complicity with the robbery of the Hudson, was re-arrested yesterday morning by the police. A warrant was sworn out before Justice Johnston, and he was committed to jail without day, to wait further developments. He had when arrested, some \$20 in money in his possession.

THE J. N. McCULLOUGH.—Since writing the paragraph in yesterday morning's paper, we have seen Deputy Marshall's report from that gentleman, that he has just returned from Parkersburg, and where he also met the McCulloughs, and where also he tied up. From this it seems that the owner of the mules lost on the Butler, has already taken the preliminary steps for instituting the suit.

A WEST VIRGINIAN SWINDLED.—We learn from yesterday's Cincinnati Enquirer that an emigrant from West Virginia, on his way to Missouri, was swindled out of the sum of \$750, on a bogus check on the First National Bank of Cincinnati for \$1,000. The swindler took place on a departing boat, and the victim, who had a wife and two children on board, was thirty-three years old, certainly sufficiently advanced in life, to have known how to take care of his money. The sharpers who used these phantoms are full-blown swindlers, and need in getting on the false check, nearly all the money in his possession.

A LAST REPORT.—The Ohio river above Wheeling may be considered exceedingly high. The last of the past week stopped three days ago, and the means of transportation had to be adapted. Persons on the bridge near 3 o'clock yesterday afternoon might have been looking northward, to see solitary wharves in the distance, and the boats along in the middle of the river, and heading toward Pittsburgh, and wharves were distributed along the line, and a short distance below, two barges might have been seen slowly following. This plan of towing is very suggestive of the good old times enjoyed before steam was known on the Ohio.

**THE BALLOON LAST NIGHT.**—A more enthusiastic crowd of men than that gathered at Washington Hall last evening, it has not been our lot to see during this campaign or any other. Many ladies were out, and the Hall during the evening was nearly full. Mr. Marshall, of Pittsburgh, of whose presence we had received positive promises failed to come to time. The crowd did not seem to be much disappointed but called out Gov. Stanton, one of our candidates for the House of Delegates, who made a capital speech, giving some attention to questions of local interest. Col. Poorman of St. Clairsville, was next called on, and made a speech which was cheered to the echo. At a late hour A. W. Campbell, Esq., and after him Hon. C. D. Hubbard, were called out and made brief speeches to the enthusiastic crowd, which manifested willingness to stay as long as anybody would speak. While the crowd in front were attending to the speeches, a hundred or two in the back part of the hall were busy comparing notes and fixing things for to-day. The meeting broke up at the conclusion of Mr. Hubbard's remarks, with a song from the club and three cheers for the ticket.

**BASE BALL.**—The game between the Baltics and the "All Wheeling Bats" was played yesterday afternoon, but all Wheeling failed to get a run. The attendance was very small, and the game was not very interesting. The game was played on a score of 10 to 0 in favor of the Baltics. The game, which was gotten up principally for sport, afforded a pleasant entertainment to those who were present. So far as we could judge a part of the "All Nine" were "posted" in the game while the other part were comparatively new hands. It may be to the credit of the "All Nine," that they were not defeated so easily by the Baltics, as were the latter by the Cincinnati. The play of the Baltics needs no commendation, we need only say it was quite as good, if not better, than usual.

We understand that the Baltics will probably play a friendly game with the Meers of Steubenville next Tuesday.

**RIVER NEWS.**—The Julia left for Parkersburg at 12 o'clock yesterday noon, with a very full trip of passengers. She did not get into port till 9 o'clock yesterday morning.

The Rochester left for Smith at 3 o'clock P. M.

The New State will be found at the wharf this morning and leave for Parkersburg at 11 A. M.

The boats, J. N. McCullough, Armadillo, Mantis, Messenger, and Yorktown, are now lying at Parkersburg awaiting water.

The towboat Allegany Belle, with three barges, loaded with pig iron, nails and glassware, from Wheeling, and bound for St. Louis, is laid up at Fulton, awaiting water.

There were three feet in the channel here yesterday evening without any perceptible change during the last twenty-four hours. If there was any change at all it was in a swell of probably half an inch.

**THE WEEKLY INTELLIGENCER.** With all the latest news up to last evening, can be had at the counting room this morning. It contains the entire account of the recent Democratic panic, with extracts from the articles of leading Democratic Journals on the subject. John Billings revised, an article from H. W. Beecher, and much other very readable matter. Price five cents with or without wrappers.

**A LADY IN PITTSBURGH** writes us: "Your Enquirer Baking Powder is splendid! I do not feel like baking unless I have it." Hundreds of you, and of ladies bear similar testimony in regard to Logan, List & Co.'s Excelsior Baking Powder, the best in the market.

**Letter from Dr. Barbour.**

"Please permit me, through your paper, to express my thanks to the editor of the Intelligencer for the many inquiries that I receive on the subject of those afflicted with diseases of the eye or ear appear to apprehend that they have to submit to a painful operation if they apply for treatment, when the facts are, there are very few of these diseases that ever require any operation. Almost all diseases of the eye and ear can be removed without any operation or painful treatment. CATARRH is an exception; but here the operation is attended with but little pain, and is the only method by which sight can be restored. From little to a silver rod out of every hundred of those blind from cataract can be restored to good sight by a skillful operator. I have often succeeded in restoring almost perfect sight to those who had been blind for over twenty years.

The operation for Cross Eyes is attended with but very little pain, is never injurious, and should always be successful. I have operated upon several hundred persons for this deformity, and have never known one that was not improved in appearance, and did not have as good, and generally better sight.

Diseases of the ear can be removed as readily as diseases of any other organ, and the hearing restored if some part of the ear has not been destroyed. If patients would apply to have their ears treated upon after they become diseased, they would be but few deaf.

Catarrh is the cause of many cases of deafness. This can be cured, when the disease, the hearing will be restored. The treatment of the ears should never be painful.

For the cure of PILES and FISTULA I never use the knife, for they can be cured in from one to three weeks without pain.

I cannot answer questions in regard to charges, for they are regulated in each case by the time and trouble, and are very reasonable.

Respectfully,  
J. N. McCULLOUGH, M. D.

**Medical House, Oct. 21, 1868.**

**It is a TRUE SATISFACTION** that one-half the world do not know how the other half live. Especially is this so in the case of those who have been cured of the worst humors by Dr. J. N. McCullough's Humors Doctor; they don't know how those who are still suffering live at all. Sold by Laughlin, Smith & Co., d.w.

**Mrs. G. N. GRANT** writes: "It affords me great pleasure to bear witness to the excellence of the Grover & Baker Family Sewing Machine. I have had one in my family for some two years, and I can truly say that it has done more for me than any other machine I have ever used. It is so simple and so easy to use, that I can hardly say how anything could be more complete or give better satisfaction. The machine has been one of the most elegant I have ever seen." Sale room at Oxtoby & Duffield's Jewelry Store, the place to buy watches, clocks, jewelry, spectacles, gold pens, &c.

**ACUTE AFFECTIONS OF THE LUNGS, CHEST, THROAT AND KIDNEYS** are easily cured by using **WILEY'S COMPOUND**. For sale every where.
